REMARKS	

- Between 0800 and 1200 on 22 July 1954, 2 Li-2s, 2 Boston A-20 aircraft, 2 Aira Cebra F 63 A aircraft, and 1 biplane were observed at Bad Voeslau airfield. There was a 3/10 overcast at an altitude of about 2,000 meters, a westerly wind of about 8 km/h, and good visibility. At 11:30, the biplane took off from the northeast to the southwest, flew a bank via the south to the east, and came in for landing from the northeast about 1210. Individual movements were observed in the hangars.
- A truck and 2 radio trucks were observed in the park of Gainfarn Castle. Truck [redacted] with driver wearing black-bordered blue epaulets, moved into the castle. Truck [redacted] the driver of which also wore black-bordered blue epaulets parked in front of No 1 Hech Strasse. One radio truck, 2 tank trucks, and 3 trucks were seen in the yard of Voeslau Castle. There was traffic by officers wearing blue-bordered blue epaulets and motor vehicles including sedan [redacted] radio truck [redacted] and truck [redacted] all with drivers wearing black-bordered blue epaulets. Ambulance [redacted] was marked in front of the Villa Derothea on Haupt Platz and sedan [redacted] with driver wearing black-bordered blue epaulets in front of No 14 Bahn Strasse. Three trucks, 2 tank trucks, 10 fuel barrels and 1 hand pump were observed in the yard of No 41 Bahn Strasse. Motor vehicles observed being parked in front of the building or entering and leaving it involved trucks [redacted] tank truck [redacted] and jeep [redacted] the latter with driver wearing black-bordered blue epaulets.

[redacted] Comment. It is believed that the aircraft observed at Bad Voeslau airfield are courier and liaison aircraft of the Hq Fifty-Ninth Air Army. This may explain the repeated change in the number of the aircraft observed there.
